

delegates/ResultateDelegate.h

```
graph BT; A[delegates/ResultateDelegate.cpp] --> B[delegates/ResultateDelegate.h]; C[tableeditdialog.cpp] --> B;
```

The diagram illustrates the relationship between three C++ files. At the top is a header file, `delegates/ResultateDelegate.h`, which is highlighted with a gray background. Below it are two source files: `delegates/ResultateDelegate.cpp` on the left and `tableeditdialog.cpp` on the right. Both source files have arrows pointing upwards to the header file, indicating that they include or inherit from the header.

delegates/ResultateDelegate.cpp

tableeditdialog.cpp
